Asia Network Beyond Design (ANBD) association has been founded in 2008, and initiated a great movement towards new worlds. After waiting with bated breath for long time, currently we can feel the creative culture starting to turn again. Some people are still observing this situation, waiting to see what will be happened.

What is the boundaries of the mission and competence of art & design currently? How can we create the culture learned from the experiences in these 20th centuries of technical innovation, without mentioning other creative fields? It is time to think carefully about creative domain from the bird's eye view and try to self-critical innovation.

In what direction will culture steer? Let's rise above the domain of art or let's rise above the domain of design. What can you see beyond the various domains? We will merge with other disciplines, and have to be more cooperative and apply their resources.

The world beyond art and design may be a common "Kansei and emotional platform" for exchanging mind, inspiration, feeling, sensation and emotion. We will continue to prepare "Kansei and emotional platform" to encourage fledgling artists' and designers' first steps and promote the upcoming creative generations in Asia.

I would like to thank for all the staffs who have supported with organizing the ANBD2010 exhibitions: Prof. Jeehyun Kim(Hansung University), Prof. Guang-Dah Chen(Kun Shan University), Prof. Guo Jin-Sheng(Tianjin Academy of Arts) and Prof. Nakajima Chie(Tamagawa University) and others.

Harada - Akira

President of ANBD
President of Sapporo City University

I'm very glad to know that the grand opening of the 3rd session of 'Asia Network beyond Design 2010' and I'm fully understood that this exhibition is equipped with the common dream and intelligence of all of us.

The reason why teachers, students, designers and artists of Asia actively attend in it is because it also show their everlasting research and going beyond spirit in front of the new 21st century. Here, on behalf of Tianjin Academy of Fine Arts (TAFA) and myself, I show my warm congratulations on this opening ceremony.

Meanwhile I hope the exhibition will achieve success in Cheongju, Taipei, Tianjin and Yokohama I also hope from the bottom of my heart that our friendship tree will keep green forever and our cooperation flower will be in full blossom forever!

Jiang Lu

President
Tianjin Academy of Fine Arts

I learned that the 3rd session of 2010 ANBD art exhibition took "Beyond" as the theme and would hold the exhibition in 4 Asia cities one after another, they are Cheongju, Taipei, Yokohama and Tianjin. I show my heartfelt congratulations! Through the exhibition and the "Work Collection", with the performance and abundant creative works of Asian designers and artists, it exchanges ideas, shows the innovative features throughout Asia, promotes the formation of Asian overall style and has the positive influence to the world actively.

I fully realized that "Beyond" is the core concept of ANBD, it advocates the integration of different types and fields, crossing different generations and cultures and breaking through the existing restrictions and methods. ANBD holds the exhibition with a unique way of linking the Asian regions, to embody the "Beyond" spirit and achieve "Beyond" stage. As a new force of the regional, urban and cultural innovation, by its thinking, creativity and approach, it pursues the Asian whole cultural approval, explores the direction of the development in future, practices the tenets and aims of ANBD and has far-reaching significance.

Finally, as the representation of the Art Design School of Tianjin Academy of Fine Arts (TAFA), I hope from the bottom of my heart that the 3rd 2010 ANBD exhibition will achieve a complete success!
