I wish to express my thanks for the participants at ANBD 2011 exhibitions at the 4 areas opening in Asia. An understanding to a process which is mutually different will be needed in order to resuscitate a genre freshly. Therefore, the mutual exchange beyond the frame of each genre is required. Today, technologies are developing with rapidly and will spread to all the countries of the world. On the other hand, various types of contradictions will arise by losing the identity between the technologies and humans, or between technologies and the cultural individual styles.

I believe that creation is an activity towards solving these contradictions. It is then important to be conscious of these contradictions which will arise in each region or each country. In solving these problems, the creative works of the designers will contribute to the regional each identity.

The reason why I wish to consider regionality on the level of creation is that regionality is not the only source of creative energy but one of the factors which contributes towards creation.

By this way, the identity of Asia serves towards a crystal. It is still taking time for a lot of genre of art, design and science profession as a whole feel comfortable with this new and ever-improving digital network technology. As awareness of the new network continues to disseminate, the more artists, designers and scientists will learn to incorporate the digital network in their practice without being unsettled by the distance.

If this exhibition becomes a point of departure for the gradual deepening and clarification of the presentations raised here, then our highest wishes will be more than thought.

Akira Harada

President, Association of Asia Network Beyond Design  
President, Sapporo City University

I'm very glad to know that the grand opening of the 4th session of 'Asia Network beyond Design 2011' hold the exhibition in 4 Asia cities one after another and I'm fully understood that this exhibition is equipped with the common dream and intelligence of all of us, also show their everlasting research and going beyond spirit in front of the new 21st century.

The reason why teachers, students, designers and artists of Asia actively attend in it shows far-reaching significance of this exhibition. The theme of this exhibition is "For the life system", which will influence the designer all over the Asian area observe the profound significance matter which is occurring in the society in more high and wide vision. The successful opening of this exhibition embodies the increasing overall strength of art design course in TAFA.

Here, on behalf of Tianjin Academy of Fine Arts (TAFA) and myself, I show my warm congratulations on this opening ceremony. Meanwhile I hope the exhibition will achieve success in Seoul, Yokohama, Taipei, Tianjin and I also hope from the bottom of my heart that the friendship tree of Asian people will keep green forever and our cooperation flower of Asian art design education will be in full blossom forever!

Jiang Lu

President Tianjin Academy of Fine Arts  
2011.7

To know that the 4th session of 2011 ANBD art exhibition took "For the life system" as the theme and would hold the exhibition in 4 Asia cities one after another; which are Seoul, Taipei, Yokohama and Tianjin, I show my heartfelt congratulations for the exhibition as scheduled on behalf of Tianjin Committee and myself! Through the exhibition and the "Work Collection", with the performance and abundant creative works of Asian designers and artists, it exchanges ideas, shows the innovative features throughout Asia, promotes the formation of Asian overall style and has the positive influence to the world actively.

I fully realized that "Beyond" is the core concept of ANBD, it advocates the integration of different types and fields, crossing different generations and cultures and breaking through the existing restrictions and methods. ANBD holds the exhibition with a unique way of linking the Asian regions, to embody the "Beyond" spirit and achieve "Beyond" stage. As a new force of the regional, urban and cultural innovation, by its thinking, creativity and approach, it pursues the Asian whole cultural approval, explores the direction of the development in future, practices the tenets and aims of ANBD and has far-reaching significance.

Finally, as the representation of the Art Design School of Tianjin Academy of Fine Arts (TAFA), I hope from the bottom of my heart that the 4th 2011 ANBD exhibition will achieve a complete success! May our friendship of Asian people last long!
