Representative of ANBD,Tokyo _ Nakajima Chie

I wish to express my thanks for the participants at ANBD 2011 exhibitions at the 4 areas opening in Asia. An understanding to a process which is mutually different will be needed in order to resuscitate a genre freshly. Therefore, the mutual exchange beyond the frame of each genre is required. Today, technologies are developing with rapidly and will spread to all the countries of the world. On the other hand, various types of contradictions will arise by losing the identity between the technologies and humans, or between technologies and the cultural individual styles.

I believe that creation is an activity towards solving these contradictions. It is then important to be conscious of these contradictions which will arise in each region or each country. In solving these problems, the creative works of the designers will contribute to the regional each identity. The reason why I wish to consider regionality on the level of creation is that regionality is not the only source of creative energy but one of the factors which contributes towards creation.

By this way, the identity of Asia serves towards a crystal. It is still taking time for a lot of genre of art, design and science profession as a whole feel comfortable with this new and ever-improving digital network technology. As awareness of the new network continues to disseminate, the more artists, designers and scientists will learn to incorporate the digital network in their practice without being unsettled by the distance. If this exhibition becomes a point of departure for the gradual deepening and clarification of the presentations raised here, then our highest wishes will be more than thought.

President, Sapporo City University

Asia Network Beyond Design is an academic and creative community consisting of many artists and scholars from higher education universities and colleges in the art and design domain from China, Taiwan, Japan and Korea. The community has Asia, cooperation, transcendence and innovation as its aim and demonstrates the regional, urban, and cultural innovation power. From 2008 to 2010, it held three successive exhibitions. Each exhibition had more than 1,000 artworks to be interchanged in the four regional cities every year, which was a great contribution to the integration of Asian cultures.

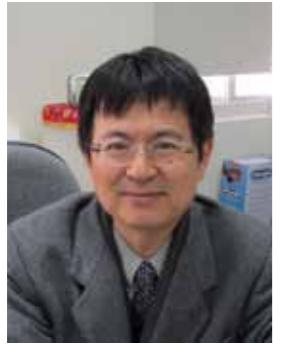

In 2011, the common theme of the Fourth Asia Network Beyond Design is "System for Life". We would like to thank the convention for giving the opportunity of hosting the fourth exhibition in Taiwan to the Department of Visual Communication Design, Jinwen University of Science and Technology. We really hope that the hosting institution can inherit and enlarge the energy which is passed down from the past and then plan the most perfect display for those artworks made by designers, artists and scholars from four regional cities during the anniversary celebration in our university.

I am sure the exhibition, in addition to interchange, can benefit our faculty and students and broaden their academic, design, and creative view. In conclusion, I sincerely wish the exhibition this year a great success.

Dr. Yung-Fu Cheng,

Bravo to ANBD!

It was many years ago. I was chatting with professor Chou Youl (Korea). Quite naturally, we touched the topic of ANBD. In fact, the term ANBD was not yet in place at that stage. We understood that the theme of the Conference of Asia Society of Basic Design and Art would be focus on "Basic Design and Art". Confined to this theme, however, the creativity of the designers may be somewhat restricted. Is it possible that we could offer a broader perspective to encourage more diversified creations? Thanks to the coordination of Professor Chou Youl and the efforts of Professor Jeehyun Kim (Korea) and Chie Nakajima (Japan), ANBD was thereby given birth.

We appreciate very much the efforts of Professor Jeehyun Kim and Professor Chie Nakajima, which enabled the continued operation of ANBD. Also, we wish to thank the contributions to ANBD by Professor Gou Jin-shen of the Tientsin Academy of Fine Arts(China)and Professor Guang-Dah Chen(Taiwan). Professor Akira Harada(Japan), the incumbent chairperson of ANBD, has no doubt made invaluable contributions in building up this organization.

ANBD has offered a platform to the Asian designers for artwork exhibitions and exchange. Over these years, we have built up a cordial relationship with the above-mentioned professors, and have worked together to facilitate the cultural and academic exchange in Asia. We congratulate ANBD for its 2011 exhibition, and wish ANBD a successful and sustainable future!
